

Course Breakdown by Criteria

We currently have these courses that easily fit into the following categories (some fit into more than one category and are marked as “up to ___ hours,” with the balance going in another category, or even into other categories not listed such as: confidentiality, documentation, referral, etc.). If you need specific designations, we suggest that you do not have us place addictions or counseling on your certificate, but that you send us a message/comment according to your needs and reasonableness using the “up to ___ hours” guidelines not exceeding the total for that course.

Course Title	Usual Category	CEUs	Fee
Adolescents Screening and Assessment for Substance Use Disorders	<ul style="list-style-type: none"> * Clinical Evaluation or Assessment or Screening (up to 8 hours) * Addictions (up to 2 hour) * Confidentiality or Laws/rules or Ethics (up to 4 hours) * Counseling (up to 2 hours) 	8	\$24

If needed, we can issue most of our certificates with either:

Understanding Addiction/Treatment Knowledge

or

Application to Practice/Professional Readiness on them.
